

Build with AI: Feedback Report

How to get smarter feedback using Gemini

Hi, I'm Kainat!

Today we learn how to get
smarter feedback using AI.

Set a Persona

Work Through Edits

Draft Summaries

Used by 500+ students

Swipe to learn all 3 steps Scroll through all 12 slides!

What even IS this lab?

Think of it like having a mentor review your work on demand.

Gemini acts as your stakeholder and helps you improve before you submit.

- 1 You attach your document and tell Gemini what role to play**
- 2 Gemini reviews it from that stakeholder's perspective**
- 3 You work through edits together in the same chat**
- 4 Gemini drafts a clean summary you can drop right in**

No extra tool needed. Gemini's free tier is all you need!

Lightbulb Moment

This is kind of a big deal

3x

better feedback

when AI knows your stakeholder

Most people submit docs and hope for the best.

When AI plays your stakeholder, it finds gaps you missed.

You stop guessing. You start improving on purpose.

That is your unfair advantage as a student and professional.

One chat. Three steps. Bulletproof document.

Before AI vs After AI

What you need	Without Gemini	With Gemini
Proposal review	Vague professor comments	AI thinks like your prof
Report draft	Endless guessing	AI pinpoints gaps instantly
Email summary	You write from scratch	AI drafts it in seconds
Stakeholder view	You hope they approve	AI challenges your thinking

Which column are you living in right now?

STEP 1 of 3

Give Gemini a Persona

Start a new chat, attach your document, then paste this prompt.

Replace the brackets with your real details.

COPY-PASTE PROMPT

```
I'm working on a [type of document] for [brief project description]. Act as the [stakeholder + their priorities], and review the document attached. From your perspective, is any information missing?
```

Best tools for this step:

Gemini

ChatGPT

Claude

Save Gemini's feedback. You will use it in Step 2!

Work Through the Edits

Still in the same chat, tackle one piece of feedback at a time.

This is where the magic happens.

COPY-PASTE PROMPT

```
You gave feedback about [feedback topic]. I plan  
to fix this by [your proposed solution]. Does that  
resolve your concerns, or are you looking for more?
```

Stay in the same chat

Context builds better advice

Fix one thing at a time

Do not overwhelm yourself

Ask follow-up questions

Dig deeper on each point

STEP 3 of 3

Draft a Clean Summary

Still in the same chat, ask Gemini to write the summary.

Use this as your starting point, then tweak it.

COPY-PASTE PROMPT

```
How would you write a [e.g. 2-sentence] summary  
of this plan for the [document name, e.g. one-pager]?  
Make it clear, confident, and ready to share.
```

One chat. Three prompts. Submission-ready document.

See It In Action

A student submitted a project proposal. Here is what happened:

Step 1

Attached proposal. Asked Gemini to act as a supervisor.

Step 2

Gemini flagged a missing budget section. Student added it.

Step 3

Asked Gemini for a 2-sentence summary. Done in 10 seconds.

Total time: under 20 minutes. Total improvement: massive.

Persona Ideas for Every Student

The Supervisor

Checks if your report covers all required points

Best for: final year and project students

The Client

Asks: does this proposal solve my actual problem?

Best for: business and entrepreneurship students

The Examiner

Reviews for clarity, structure, and argument strength

Best for: essay and thesis writers

The Team Lead

Checks if the plan is realistic and actionable

Best for: CS and engineering students

SAVE THIS

Your 3-Step Cheat Sheet

1

Give Gemini a Persona

Attach doc, describe stakeholder, ask: what is missing?

2

Work Through the Edits

State the feedback topic and your proposed fix, confirm it works

3

Draft the Summary

Ask for a [2-sentence] summary, use it as your head start

Pro tip: Keep the same chat open across all 3 steps!

LAB TIME! Get Feedback on Your Doc

- 1 Open Gemini and start a new chat**
- 2 Attach your document (or use the sample proposal)**
- 3 Paste Step 1 prompt with your stakeholder filled in**
- 4 Read the feedback. Pick one thing to fix**
- 5 Use Step 2 prompt to resolve it with Gemini**
- 6 Finish with Step 3 prompt to get your summary**

Drop your stakeholder role in the comments. Let us see it!

You are ready to go!

Here is what you can do right now:

Save this post

Come back every time you have a doc to submit

Try the lab today

Takes less than 20 minutes, zero extra tools

Share with a classmate

They will thank you before the deadline

Which step are you most excited to try?
